# THE SOLUTION CRIVITZ MIDDLE/HIGH SCHOOL

Preliminary site + floor plan

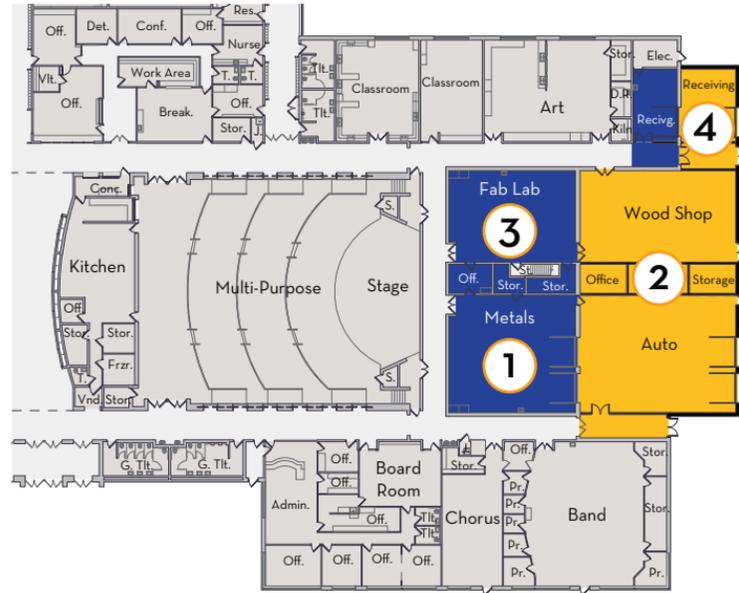

Update the tech ed (shop) areas to support courses in metals, woods, fabrication, engineering, and automotive / small-engine repair

Addition to create spaces for the auto shop and wood shop

Provide a fab lab / classroom space for tech ed

Renovate and expand the maintenance / receiving area

COLOR KEY: Existing Renovation New Construction

floor plan cropped to showcase addition and renovation project

## ADDITIONALLY, THE PLAN WOULD:

- Address educational space needs at the elementary school including improved secure office entry, 4-year-old kindergarten classrooms, and library.
- Address capital improvements and critical maintenance needs at the elementary school.
